

The Woodturners of St. Louis present

## Joy of Turning 2003

with

**John Jordan**

Don't miss our next event Sunday, October 12<sup>th</sup> featuring **John Jordan**. From Nashville, Tennessee, John abandoned computer systems engineering for professional woodturning. His work is exhibited in museums and galleries throughout the United States, and is well known for its sensitive manipulation of surface texture. He is much in demand as a teacher all over the world. All levels of woodturners would want to see this.
